

SPECIFIC EDUCATION NEEDS

It is recommended that this Policy be read in conjunction with the Education Allowances Policy, other individual Portfolio Policies and associated ICPA (Aust) documents

POLICY

ICPA seeks equity of access and opportunity to appropriate services and facilities to identify and assist children from rural and remote areas who require support for specific educational needs.

OBJECTIVES

1. Provision of financial assistance for telehealth appointments for children with specific learning needs to access a variety of specialist services in rural and remote Australia.
2. Provision of age appropriate, suitable and high-quality mental health resources and programs specifically designed for the unique needs of rural and remote children including the issue of bullying.
3. Access to early identification of learning difficulties and early intervention.
4. Provision and continuation of specific learning needs centres to cater for children with learning difficulties, learning disabilities or those who are gifted and talented.
5. Provision of mobile units and itinerant specialists and therapists to consult in rural and remote areas on a regular basis, enabling the early identification and ongoing support of children with specific learning needs.
6. Availability of suitable accommodation for those accessing specific learning needs centres.
7. Availability of travel and accommodation assistance for rural and remote families travelling to access face-to-face specialist services for students with specific learning needs.
8. Students with specific learning needs, studying by distance education or in rural and remote schools, have regular access to specific learning needs teachers and therapists.
9. Identification of and assistance for children with specific learning needs, to be a component of teacher-training courses.
10. Educators in rural and remote areas are trained and supported to identify and cater for children with specific learning needs.
11. Funding for the delivery of regular workshops and seminars in rural and remote areas to assist children with specific learning needs.

Isolated Children's Parents' Association of Australia (Inc)
FEDERAL COUNCIL

Advocating for equitable access to education for students in rural and remote Australia

12. Adequate Federal Government funding to assist with the provision of specialist services for both school and home-based education and therapy programs.
13. Co-operation of all relevant agencies, (government, private and voluntary), to better service the requirements of rural and remote children with specific learning needs.
14. Availability of incentives and financial assistance to attract qualified organisations, professionals and graduates to rural and remote areas to enable continuity of specific learning programs.
15. Rebates provided by private health insurers extends to allied health services delivered via telehealth.
16. Geographically isolated children have access to diagnosis and ongoing treatments of health issues that impede their ability to learn and thrive.
