Federal Councillors Jane O'Brien and Nikki Macqueen attended the 39th annual Northern Territory state conference held in Alice Springs on Tuesday 2 March, 2021.

In a room full of people passionate about education, it was pleasing to see all 24 agenda motions, 1 supplementary motion and 1 floor motion carried.

The exciting news of the day came when Mark Monaghan MLA, Assistant Ed Minister made the very welcome announcement that the monthly sub-provision for satellite services will rise from \$55 to \$165 per month. This is a long time advocacy for NT ICPA and we congratulate them on this development.
